Approved For Release 2001/03/06: CIA-RDP82-00457R008100180008-9 CLASSIFICATION____ CONTROL - U.S. OFFICIALS ONLY CENTRAL INTELLIGENCE AGENCY REPORT NO. INFORMATION REPORT 25X1A CD NO. CONFIDENTIAL COUNTRY DATE DISTR. 17 July 1951 Germany (Russian Zone) SUBJECT NO. OF PAGES Czechoslovakian Refrigerator Cars Used for 1 Rail Operations between the USSR and the Russian Zone of Germany NO. OF ENCLS. PLACE 25X1C ACQUIRED 25X1A 25X1A SUPPLEMENT TO DATE OF REPORT NO. INFO. ON TOT CINCULATE 25X1X 25X1X in Frankfurt/Oder (0 53/V 63) that a large number of Czechoslovakian refrigerator cars had been in use since 5 April 1951 for meat shipments from Brest-Litovak to Berlin (N 53/Z 75). Comment: There are 634 serviceable refrigerator cars available at present in the Soviet Zone railroad system. **This** 25X1A **2**5X1A number is inadequate for large-scale meat shipments. It is therefore possible that the Russian Zone railroad administration rented refrigerator cars from Czechoslovakia for the specific nurpose of shipping meat from the USSR to Germany. However, up to 18 April 1951, only individual trains of refrigerator cars had been observed passing through Frankfurt/Oder en route to Berlin.
